

3-28-74. Thurs.

Dear Vicki and Jim,

It is another rainy morning but I like it and it is warm out. I am going to meet Lynne Cooper in Herkland after while for lunch.

Dad and I are studying the Precision bidding system and it is really exciting. It is quite different and takes alot of memory work.

Vicki, I woke up laughing this morning. I really was worried about the dress being appropriate, mainly because I thought you might be cold, but after picturing the situation of the kids and principal and possibly mothers it really (like Gail would say) cracked me up. You should have seen Stella and me up in her attic going through the box of formal, trying

to decide which one to send.  
I hope you found something  
that you could reuse.

Patti had a baby boy last  
week. Aunt Ruth wanted a  
girl this time but she likes the  
new baby. Aunt Ruth won a  
few day trip to Hawaii for two,  
in a golf tournament. She gets  
to stay in a condominium with  
also a car to use. She is  
taking Doctor Comendson's wife  
or Uncle Jim said go. Stella and  
Harold are leaving for Reno Sunday.  
They are taking Harold's mother and  
sister along. They are going to drive.

I have an hour now to study  
the bridge book, before I have  
to get ready to meet Lynne.

Love,  
Mom.
